HR-CASE-2026-014. Grievance meeting

Thu 3 Sept 2026, 10:00 to 11:15, room 4.2, London

Present: Marco Bianchi (chair, notes), Chris Dunn (Data Analyst, FP&A). Chris chose not to bring a companion.

Conflict: Rachel (HRBP for Finance) sat on the H1 FP&A promotion panel on 12 May. She must not see or work on this case. File kept to MB only.

Grievance (Chris's words, summarised)

1. Not promoted to Senior Data Analyst in the H1 2026 cycle. Says he met the level 4 criteria: led the merchant cohort model, trained 2 new analysts, ran the Q1 board pack data.
2. Panel feedback was "not ready for stakeholder management". Never raised in 1:1s with Jonas before May.
3. Month-end overtime: about 14 extra hours a month, Jan to June, closing the FP&A pack. TOIL requests not approved.

Chris was calm and well prepared. Brought a printed list of dates. Says he does not want to move teams, wants the decision looked at fairly.

Examples he gave: the cohort model was used in the Q1 board pack; he trained two new starters in March; he covered month-end alone in April while Jonas was on leave.

What he is asking for

- Review of the promotion decision
- Written feedback against the career framework
- TOIL or pay for the extra hours

Agreed

- MB to meet Jonas Berg by Thu 10 Sept. Chris asked that Jonas hears about it from MB first. Agreed.
- MB to get the 12 May panel scoring sheet from Tom Whitfield (chaired the panel for Daniel).

- Chris to send his calendar and month-end Teams activity, Jan to June, by Mon 7 Sept.
- Outcome letter within 10 working days of the last meeting. Target Thu 24 Sept.
- Appeal, if any, goes to Priya Nair (outside Finance).

Next meeting with Chris: Tue 15 Sept, 14:00

MB note to self: check whether other H1 FP&A nominees got written feedback. If not, this is a process gap, not just one case. Raise with Rachel for H2 without case details.

MB 3/9/26
